About F&CS

Family & Children's Services of the Waterloo Region (FACS) is legally known as The Children's Aid Society of the Regional Municipality of Waterloo. It is our role to respond and work together with families, their supports and our communities to protect and care for children who have been abused or neglected, or who are at risk of being abused or neglected.

Ontario's 47 Children's Aid Societies (CAS) are independent and board-operated agencies that carry out their work within their local communities, and are responsible for providing child protection services in accordance with the Child and Family Services Act. The government funds 100% of Children's Aid Societies' approved budgets with respect to child welfare service.

The Family & Children's Services Foundation relies on the generosity of individuals, families, businesses and other foundations to help provide local children and families in need of support to heal, learn and grow that is not provided by government funding.
