

Dress Purple Day will take place on Thursday, October 27, 2022. We want to make sure children and youth in Waterloo Region know that the community is **#HereToHelp**.

This year, we have a special focus on supporting youth who are 'aging out' of care. These youth will be starting out on their own for the first time, many without a support network. We want to help them make their new space feel like home.

Family and Children's Services Foundation invites you to be a part of their support network and help make their transition as smooth as possible!

We are offering local businesses the opportunity to participate in Dress Purple Day 2022 by hosting a TipTap Pay Device!

What is TipTap Pay

TipTap Pay is an NFC-enabled wireless receiver that sits directly on your countertop and allows for instant acceptance of contactless donations. Each unit functions as an autonomous POS system.

Each unit comes pre-set with a \$5 donation amount for fast, trustworthy payment processing. All you need to do is turn on and collect funds.

TipTap Pay receivers accept all available contactless payment sources for an easy touchless giving experience – right from your countertop!

Not able to host a TipTap Pay receiver, but still interested in this year's Dress Purple Campaign? [Click here](#) to get involved.
